

Military Dining Facilities

Promotions Worksheet

The 5210 Healthy Military Children Promotions Worksheet is a tool to help POCs plan promotional materials to run the healthy messaging campaign. Below you will find a list of suggested items to order from DLA printing services on the installation, or your local printing company. Be sure to ask for bulk order discounts and, if calling a local company, military discounts.

Use this worksheet to get an estimate of promotional items to order. There is a suggested type of unit, or audience, listed for each item and a suggested number of items per unit. Decide how many units are on the installation, multiply by # of units, and list under total.
